M. Arun Kumar is the sort of person who understands the medical needs of a person and serves him or her quickly. And most of his clients are seniors who reside in the Mylapore zone.

Arun runs Globe Biomedics which offers a one-stop-solution for different types of external belt support for any sort of body pain, ranging from neck to toe. But his store has lots more.

Globe Biomedics can offer knee supports, Lumbo Sacral belt, abdominal/waist belt, wrist splints, ankle support, silicon heel cups, silicon arch supports, silicon insoles, MCR and MCP footwear, elasticated tubular bandages, stockings for varicose vein issues and anti-embolism and travel socks.

"We have products of different sizes and heights, in both Indian and imported varieties. We ensure the right size and fit for people. We also custom-make products. All our products are skin-friendly and that aspect is loved by the customers," says Arun Kumar.

Having studied in P. S. Senior Secondary School and D. G. Vaishnav College,

Arun Kumar started his career in a health care company which was into casting and bandaging products. In 2004, he set off on his own, deciding he would focus on stocking and offering orthopedic products.

You can also ask him for automatic blood pressure monitors and blood glucose monitors and compressor nebulizers.

Philadelphia collar, cervical hard collar, cervical soft collar, cervical ortho wedge, Somi Brace, cervical traction collar and cervical pillow are also sold by Globe Biomedics, which is in its 20th year.

Plus, he stocks ankle arthrosis, medical compression stockings, Coccyx cushions and pillows, exercising aids for seniors, thoracic orthos back supports, elbow and wrist supports, rehabilitation aids, MCP shoes and slippers.

"When I was working with a healthcare company, many doctors would ask for specific products and that led me to start this business with a focus," he says.

Arun says he also goes on house visits but he charges for this service. Seniors who cannot move around seek him out.

Auto driver harrasses couple in car, another man stones it. Police arrest one man

By Our Edit Team

Abiramapuram police have arrested a Mylapore auto driver who 'misbehaved' with a couple who were driving through Venkatesa Araharam last weekend.

The auto driver zig-zagged in front of the car when it was in motion and kept teasing the couple.

Police, acting on a complaint, used photos that the couple had taken of the auto's rear side, to locate the man when they looked for him in the Saibaba temple zone: it was found that he was using a fake number plate.

However, police are yet to locate a second man who began to trail the couple after the auto driver had gone his way; this man, on a bike, confronted the couple after they sought help from police at a junction in Alwarpet; the man flung a stone at the car's rear windshield and shattered it.

Police say it is not clear if the two men were jointly involved in this anti-social act and are looking at images sourced from CCTVs on C. P. Ramaswamy Road to try and get leads.
